Prestige
Brand Award 16

Winner, SPBA - Promising Brands

Mr Erwin Foo, Chairman/CEO of ENOVAX PTE LTD, was the recent recipient of “SINGAPORE PRESTIGE BRAND AWARD 2016 - PROMISING BRANDS” award, a much coveted accolade with a 16-year history and highly respected in the business fraternity.

“SINGAPORE PRESTIGE BRAND AWARD (SPBA) is an initiative by the Association of Small & Medium Enterprises (ASME) and the local Chinese Daily LIANHE ZAOBAO that promotes and showcases business luminaries in Singapore who stay on the forefront of branding. Their vision is to showcase business leaders at different stages of their branding journey and the achievement of new milestone in branding excellence.

The theme for this year’s Awards which are segregated into 6 categories, is “Elevating resilient brands to greater heights” which seek to identify and acknowledge successful and resilient brands which have scaled new heights in today’s competitive business landscape. An ASME- Lianhe Zaobao Award, this prestigious award is supported by ie Singapore, Intellectual Property Office of Singapore (IPOS) and SPRING Singapore.

Other categories include the Established Brands, Heritage Brands, Regional Brands, Special Merit awards and a newly created category, Micro Brands. SPBA is an industry affirmation of brands’ success and spirit of resilience and the veritable national platform for nurturing the growth of local brands in the hope of inspiring more budding entrepreneurs of tomorrow.

ENOVAX won the “PROMISING BRANDS AWARD” category for brands that are established for 3 to 8 years in Singapore. This Award recognizes and honors up-and-coming enterprises, acknowledging their efforts in powering branding as a key strategic tool from the onset of their business strategy.

On receiving this “SPBA PROMISING BRAND 2016” award, Mr Erwin Foo was charged with a renewed entrepreneurial motivation to propel the ENOVAX brand to even greater heights, with plans to grow the brand regionally so more companies can profit from our IT solutions expertise.

NOTE : A Gala Dinner & Award Presentation Ceremony will be held on 28 October 2016 at the Ritz Carlton Hotel where ENOVAX will be presented with a Trophy by a Minister to mark the Awards to Recipients. Look out for a full report in our next issue of E=MAX in December 2016.

- Quarterly Productivity Winners
- Monthly Birthday Celebrations

ENOVAX CLIENT, NEXIA TS WINS “SCA” INNOVATION AWARD 2016

ENOVAX has been producing IT business solutions for appreciative clients to help accelerate their enterprise growth. Our successful delivery of Practice Management System (PMS) to NEXIA TS has now helped the company to win the INNOVATION Award (Large Practice Category) at the recent Singapore Accountancy Award 2016 ceremony on 25 August at Marina Bay Sands Expo and Convention.

Singapore Accountancy Award is organized biennially by the Institute of Singapore Chartered Accountants (ISCA), and supported by the Accounting and Corporate Regulatory Authority (ACRA) and the Singapore Accountancy Commission (SAC). The Awards aim to celebrate excellence in the accountancy sector to recognize outstanding practices and individuals in the profession. The Innovation Award seeks to distinguish the nominees from their competitors based on innovative initiatives adopted by the practice to enhance the quality of their services, or to provide unique services that distinguish them from their competitors.

PMS is a comprehensive ERP (Enterprise Resource Planning) system which is fully developed by ENOVAX and deployed successfully at Nexia TS. Used by a few hundred staff in Singapore, it is a single platform to streamline the business processes, where all the major business processes are managed by the designed workflow to ensure proper operational efficiency and increase company productivity, including consolidation of all key KPI of the performance of the staff and individual department. Nexia TS Managing Director/Founder Mr. Henry Tan was very pleased on receiving the award and our CEO Mr. Erwin Foo was a specially invited guest to witness the happy occasion.

OSP PARTAKES IN SII KOPI TALK SERIES

Our subsidiary Onestop Security Platform Pte Ltd (OSP) has moved one notch higher in its marketing efforts to reach out to more security officers, security agencies and related government agencies like Security Industry Institute (SII), Union of Security Employees (USE) and Workforce Development Agency (WDA).

Working with our partners and stake holders, we jointly put together a program initiated and presented by SII on 13 August 2017. This is the first session in SII's KOPI TALK SERIES conducted at the Lifelong Learning Institute which attracted some 80 security officers, officials and trade representatives on a Saturday morning.

OSP General Manager, Colin Quek spoke about OSP 24/7 Security Job Site Portal with a live demonstration of security officers FREE online registration. The session included a talk by USE on union membership and its role and benefits. The other speaker was from WDA which shared information "Reskilling for Jobs Programme", with emphasis on "Looking to hire Locals?". The KopiTalk series ended on a positive note with many requesting for more such dialogue sessions for the security industry.

Taking the collaboration a step further, OSP is now regularly conducting security registration (recruitment exercise) in the Portal at SII.

“MAGNOLIA 5 VERSION” TRAINING

As part of the partnership deal with the Swiss software company MAGNOLIA, an in-depth training program was conducted in ENOVAX office in Singapore. Held over four and a half days from 31 May to 4 June 2016, the special course was attended by 8 ENOVAX Staff members, comprising our Chief Architect/ Senior Manager, Assistant Managers, software Consultants and Business Analysts.

MAGNOLIA Team Lead/Trainer Mr. Tu Bo Xuan from Vietnam was on hand to guide the attendees. Apart from the course materials, Mr. Tu Bo Xuan also shared his personal experiences using MAGNOLIA digital business platform with a CMS at its core.

With this MAGNOLIA software knowledge, ENOVAX will be more equipped to help

businesses create compelling digital experiences for their web, mobile and IoT (Internet of things) initiatives. In addition, with this certified partnership with MAGNOLIA, we will be able to further offer customers with fast and easy integration of third-party systems and adapt quickly to changing business priorities and decisions. Going forward, ENOVAX will also be in a good position to create outstanding multi-channel personalized digital experience with best-of-breed tools to accelerate business growth.

The Magnolia 5 Version training contains chapters on base concepts, templating, site development, Magnolia Apps – UX and advanced topics. At the end of the training session, participants were all “thumbs up” for the new knowledge and skills gained.

ENOVAX “SETS SAIL” FOR THE HIGH SEAS

As part of ENOVAX's on-going team spirits building and bonding exercise, a corporate outing was organized in July to reward staff for the hard work in the first half of 2016. All staff members set out from SENTOSA COVE in full force for an afternoon of fun, great food and pitting skills in competitive games – which included swimming, tug-of-war at sea, canoeing, plasticine modelling, sandcastle building amongst others... WHAT A GREAT DAY IT WAS !!!!

ENOVAX “FACEBOOK” LAUNCHED

Social media is more a common tool for business communication as technology evolves and becomes part of the commercial landscape. Today, Facebook naturally takes on a more important role in daily communication amongst internet users.

With this in mind, ENOVAX Facebook was launched on 25 August to extend our marketing and social outreach to clients, staff and the publics. Now, our corporate milestones, achievements and company developments will be posted on Facebook so that our timely updates can benefit the business and social communities. Going forward, we will constantly add new features on our Facebook to keep it engaging and relevant as we expand and grow the company.

SAY “HALLO” TO A NEW ARRIVAL “HONG SHEN”

On the morning 16 June 2016, our Admin & Finance Manager, Ms Collean Chua delivered a bubbly baby boy. Weighing 3.5kg, little Cheng Hong Shen was a picture of true bliss for Collean and her husband Danell Cheng as this is their first born. Both mother and child were in great spirits as they left the maternity hospital for home in Johor, Malaysia. The Management and staff of Enovax & OSP send our blessings and good wishes to the Chengs on the new addition to the family.

ENOVAX ADVERTISING CAMPAIGN BEGINS

As part of the publicity package on winning the SPBA 2016 Promising Brands Award, ENOVAX will be accorded some media attention through the daily newspapers The Straits Times (English) and Lianhe Zaobao (Chinese). It is thus an appropriate time in our branding journey to take up some form of print advertising to further promote our company and our products/services.

For a start, we have committed to take up a Full page Color advertisement in the Winners’ Special, a magazine specially published to commemorate all winners in the Singapore Prestige Brands Awards, which will be distributed at the Gala Dinner cum Award Presentation ceremony.

Similarly, on the day of the Gala dinner event, The Straits Times and Lianhe Zaobao will carry a Press Supplement each (in English & Chinese respectively) to honor all SPBA 2016 Awards winners. ENOVAX advertisements (in Black/White) will appear in the two newspapers together with editorial write-ups.

ENOVAX FAMILY EXPANDS

*From Left (Seated) : Justin Chi, Lim Wen Shing, Phoon Ying Foong, Lavanya Annamalai & Tharaka
From Left (Standing) : Daniel Baylon, Chua Hong Yean and Davis Zheng*

LIM WEN SHING Senior Web Designer

Thanks to the unfailing support from our loyal clients, many of whom have been with us since we commenced business in 2010, ENOVAX is now able to grow our IT production team to cope with the increase in projects awarded.

Our new family members are experienced industry players who have garnered invaluable experience before joining ENOVAX. We are fairly confident that with our strengthened force, we will be in an even more dynamic position to serve our customers better.

Wen Shing has some 18 years of experience in graphic and web design for both print and online works. Her multi-media designing capabilities were honed at major employers like Raffles Medical Group, Singapore Pools, Shaw Organization, MOH Holdings, Media Plus & Communications, amongst others.

Wen Shing's exposure to various industries places her in a vantage position in serving ENOVAX clients with specific business needs. She holds Diplomas in Graphic Design (Nanyang Academy of Fine Arts) and Digital Advertising Technologies and Analytics (Temasek Polytechnic).

LAVANYA ANNAMALAI Senior Software consultant

Born in India, Lavanya is a Singapore PR, having relocated here since 2006. Collectively, she has more than 6 years of experience in IT business solutions as Java Developer, System Analyst, Team Leader in designing & developmental work (including design, coding and testing) for projects with good exposure to technologies like J2EE, JSP, AJAX, jQuery, Java Programming and Oracle Database amongst others. Some of the bigger IT companies Lavanya worked for include Infosys Technologies, ST Electronics (Info-software) Singapore, NCS, MobilQuest Pte Ltd and GLReal Software Solution Pte Ltd.

PHOON YING FOONG Senior Manager

35 years old, Phoon Ying Foong last served as Vice President of Engineering at MYDOC Pte Ltd, overseeing the architecture and technology of the company and leading the offshore and onshore engineering teams. A Permanent Resident of Singapore, Malaysian born Ying Foong graduated with a Bachelor degree in Electrical and Electronic Engineering from the Nanyang Technological University (NTU) of Singapore. Effective in English, Mandarin, Malay and Japanese, he will be an asset as ENOVAX grows regionally with his multi language skills.

DAVIS ZHENG Senior Software Consultant

Armed with a Bachelor of Science in Computing and Information System Degree conferred by the University of London (Singapore Institute of Management) and a Diploma in Internet Computing from Temasek Polytechnic, Davis has steadily built up his IT business solution experience during his employment with ST Electronics, DSO National Laboratories, NCS Pte Ltd and Surbana Technologies. He has set his mind in a career in the local IT industry and acquired additional experiences and skills in various programming languages and tools prior to joining ENOVAX.

JUSTIN CHI JIANJUN Senior Software consultant

A graduate of Dalian Jiaotong University with a Bachelor degree in Computer Science, Justin's 10 years of working experience in IT solutions for sectors like Banking (Credit Suisse, Credit Agricole Corporate and Investment Bank); payment gateway (NETS, Mobile Credit Payment and Gateway 2); Government agency (Accounting and Corporate Regulatory Authority) and leisure (Japan Tourist Bureau) are very much in line with ENOVAX's scope of business offerings. Before coming to Singapore, 35 year old Justin has worked in Strategic System Solution in Hangzhou, China as a Team Leader.

THARAKA WIJESOORIYA

Senior Software consultant

Tharaka was specially recruited from Sri Lanka where he amassed 3.5 years of working experience in the IT industry for multi-national software companies. Born in 1990, Tharaka studied part-time and earned his degree in Bachelor of Information Technology from the University of Colombo School of Computing, in addition to a handful of diploma and certificate in Computer Application and Programming. Tharaka is also a diploma holder in Human Resource Management.

CHUA HONG YEAN

Software consultant

Chua Hong Yeon hails from Johor, Malaysia and secured his Bachelor's Degree in Computer Science/Information Technology from the University Technology Malaysia with Grade A/1st Class honors. In addition, he was on the University's Dean List from 1st – 8th semesters and completed a course in Japanese. A modest young man, Hong Yeon worked as an IT Programmer at Lachiever Technology in Johor for a year before crossing into Singapore to join the ENOVAX family.

DANIEL BAYLON

Software consultant

A Filipino with a Bachelor of Science in Information Technology degree from Colegio Sab Agustin-Bacolod, Daniel Baylon has about four years of experience as Software Engineer in Java and Java EE. He is an experienced developer with exposure in varying domains. The companies he has worked in include Thales Solution Asia Pte Ltd, Indra Philippines, Inc, and Aeon Credit Services Systems (Philippines), Inc. Apart from English and Filipino, Daniel is also fluent in Japanese.

QUARTERLY PRODUCTIVITY WINNERS

ENOVAX management & staff are often commended for their contributions and in our quarterly effort to reward staff for their outstanding performance and productivity, Golden Village Movie vouchers were presented to Jensen, Sofia, and Henny. The issue of GV Vouchers is to support our clients as well.

MONTHLY BIRTHDAY CELEBRATIONS

Continuing ENOVAX's tradition of celebrating employees' birthdays in the office at the company's monthly Staff Meeting, birthday songs were sung and birthday cakes cut to rejoice in these happy occasions. Recent celebrants included John Celendro, Chua Hong Yeon, Jensen, Davies and Hou Tao.
